

Wet Chemical

Mechanical, Remote Manual Release

Effective: May 2007
K-87-016

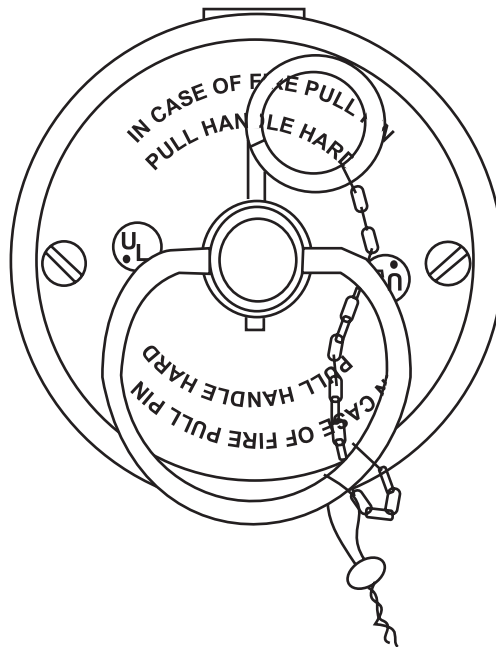

P/N: 875572

DESCRIPTION

The Mechanical, Remote Manual Release is provided as a means of manually actuating the system from a remote location. The Mechanical, Remote Manual Release is used only with the Mechanical or Electric Control Heads and cannot be used with the KRS-50 Control Box. The Mechanical, Remote Manual Release is attached to the primary control head with 1/16-inch cable. To actuate the system at the Mechanical, Remote Manual Release, pull out the ring pin and pull hard on the handle.

Each manual release is supplied with a separate nameplate. This nameplate must be attached to the mounting surface 1-inch above or below the pull station.

A second manual release may be installed with the use of the Tee Pulley Kidde® P/N 843791.
