- UL Listed for HPCO2 Service
- ½ or ¾ ID Hose Available

1-in NPT Inlet

1-in NPT Outlet

DESCRIPTION

The wall mounted reel provides a convenient robust storage solution for High Pressure Carbon Dioxide (HPCO₂) hand held hose line systems. The reel is constructed from steel material with an enamel red colored finish for corrosion protection. An adapter is required to properly connect the reel to the hose line inlet swivel. Disengaging the spring drag device allows deploying the hose using a hand over hand operation or similarly when rewinding a deployed hose.
