

The Front Burner

A Quarterly Newsletter Highlighting Product & Industry News

New product offerings!

Fenwal Controls, our distributors, and sales representatives are pleased to now offer products from **UTEK Controls**. In addition to gas ignition controls, UTEK offers a broad range of control solutions serving many segments including; HVAC and related markets, residential and commercial thermostats, Pool and Spa, Commercial Cooking, and Recreational Vehicles.

UTEK

HVAC and related markets include specialized controls for a variety of product types: AC & Refrigeration Controls, Air Handlers & Blower Controls, Boiler Controls, Furnace Controls, Geothermal & Heat Pump Defrost Controls, Oil Burner Controls, and Smart Thermostats. These new offerings in addition to Fenwal Gas Ignition Controls, Temperature Controls, and Overheat Detection products provide access to a comprehensive array of control solutions.

Depending on your product needs and budget, UTEK user interface capabilities include segmented LCD displays and color touch screens. They can be integrated into your appliance control or operate as remote displays. External connectivity options include Wi-Fi, Bluetooth, RS485, Modbus, BACnet, and other communication standards to enhance your integration capabilities and IoT presence.

With decades of industry and application experience, you can rely on UTEK for customized OEM solutions for a wide range of industries.

[Contact us to talk about any of your application and interface needs.](#)

*New Distributor
Shanghai Zheng Dai
Industry Equipment Co.*

Fenwal Controls is pleased to announce our new distributor in China, Shanghai Zheng Dai (SHZD). SHZD has been offering combustion safety controls since 2007 and has been a distributor for our sister company Fireye since 2015.

SHZD customer base includes Original Equipment Manufacturers (OEMs) and engineering companies. They support many industries including: heat treatment, environmental protection, metallurgy, iron and steel, textiles, printing, and HVAC. They provide customers with combustion control system design, selection, sales, installation, and commissioning support.

SHZD has a comprehensive, professional and experienced technical engineering team and is based on the business philosophy of integrity, professionalism, efficiency and innovation. They are committed to supporting China's diverse industrial base with world-class burner control and flame safety solutions compliant with the latest safety and efficiency standards.

SHZD can be contacted at www.zhengdaitec.com or email shzdtec@163.com

See you at...

The North American Association of Food Equipment Manufacturers' show is August 26-28, 2021 at the Orange County Convention Center in Orlando, FL.

Meet the Fenwal Controls team in **Booth 952** to discuss your commercial cooking, refrigeration and heat detection/safety needs. Learn about all we have to offer, and how Fenwal can engineer the right solution to meet your performance, delivery and quality requirements.
